## Letter from Lana

Well I have experienced several firsts recently, as I guess you have also. Working from home is a first, no shopping and not going to church are all new firsts for me. Beta Pi president was another first for me and I enjoyed my experience as president. Thanks for all your help during my time as president. I look forward to getting back together with you all and hope everyone is well and happy. Hopefully we will be able to get together soon.

## June Meeting - 6/15

The current situations have thrown a large wrench into our DKG activities this year. We have had to cancel and reschedule many of our meetings and events. Our summer conventions have been cancelled. But, we hope to have them next summer, so make sure you save some time in your calendar for that. We have rescheduled our Founders' Day celebration and

officer installation for June. Please let Lana know if you will be able to attend by June 1. We hope to see everyone there - especially after not seeing anybody for months!

## LEGISLATIVE UPDATE

As states closed public school systems, the nation saw the wide range of necessary services schools provide to students in addition to instruction. Public schools, serving 50 million students, also provide meals, health and social support essential to child welfare and development. School districts are now attempting to deliver instruction from a distance, but also to maintain the vital personal connection teachers and other staff provide, especially to their most vulnerable students. Teachers read bedtime stories online, tutor students from outside the students' front doors and drive by students' homes to check in. Counselors make themselves available through any electronic means possible.
