Letter from Lana

My fingers are crossed for exciting news to come from Xi State in November. Sherrie has worked with an end goal of being the Xi State President and I think she would be great.

Well a busy time of year upon us, but a wonderful time also. I look forward to seeing each of you on Monday.

Lana

Member Spotlight: Linda Baxter Busy Quilting Bee

Linda makes quilts for family and friends. She has made baby quilts and cancer quilts for several people at our school. This quilt was for Sherrie's camper.

Linda fell in love with quilts as a child. She used to help her mom making quilts, but she really didn't start to appreciate the work involved until she met her husband's granny. She had made beautiful quilts when she was younger by hand quilting them. Fifteen years ago, Linda decided to learn how to piece quilt tops, and then how to hand quilt. She enjoys the creativity of picking out fabric (imagining what it will look like) and sewing the quilt. About five years ago, she wanted to learn how to quilt on a long arm quilter, and now she owns one.

September Meeting

Beta Pi members met at UCHS for our regular September meeting. Donna and Pat B. provided snacks, with a seriously delicious apple cake and fruit platter. We had some potential members in attendance, so we had an orientation-centered program. Sherrie did a quick presentation on how to make a DKG elevator speech. We discussed helping with the Christmas Angel Tree, working with Gina Buckner. Donna Christopher will be our contact for that project. We had a good attendance despite the yucky weather. At least one of the potential members has already paid dues!!

Last Chance to Pay Dues

If you are continuing your membership, you need to pay Linda at this month's meeting.

If you do not plan to continue, you will need to notify Lana in writing.

LEGISLATIVE UPDATE

Strengthening CTE

On July 26, the Strengthening Career and Technical Education (CTE) for the 21st Century Act (H.R.2353) was sent to the President to be signed into law. This piece of legislation provides for grants to create "CTE concentrators" and "CTE

participants" and defines these terms. The bill also authorizes that funds to states for 2018-20 shall not be less than what was allocated in 1998. The bill is reauthorized through 2023. For more specific information on the content of this bill go [here](#).
